THE BELSTEADS SCHOOL

NEWS OF THE WEEK

>>> **Read more** - Our Years 9, 10 and 11 set off to Skreens Park this week for their residential trip. What a fabulous time they all had. Students not only had great fun trying lots of different activities, they also stepped out of their comfort zones and were brave enough to really push themselves.

There were team activities, a campfire and marshmallows and even football (for a change) on the field.

They all returned to school looking exhausted but happy and we are so pleased that they had such a successful stay. A shout out to Freddy, who was particularly kind and helpful throughout the stay and who made the trip even better for others!

THIS WEEK'S ASSEMBLY

Nicole's assembly was about democracy, this week.

Photos include:

The residential trip, of course!
Also, students enjoying breaktime
and our new student site team,
helping with lots of tasks today.
They were an enormous help.
Also, Dennis on the exercise bike
because I forgot to add his photo
last week!

Richard will upload more
residential photos to the website
too.

Today, we asked some of our students, if they would like to become 'Site Staff' for the day. They jumped at the chance and helped us to complete lots of jobs. We were all so impressed with their teamwork, their resilience and how much they enjoyed the manual work. They were great. They now want permanent responsibilities so that they can help more often. How brilliant they all are!

**Dates for holiday club in October will be:
Thursday 30th October - Halloween Day
Friday 31st October - Big Bonfire & Firework event!**

and finally...

Two Headteacher's awards this week. DJ, who was particularly kind to a new student. He was also brilliant today, when helping as a member of our Site Team.

Freddy, for his wonderful approach to the residential trip. He is a great role model for others.
