THE BELSTEADS SCHOOL

NEWS OF THE WEEK

Read more - We've seen some excellent work this week. Students are really enjoying their topic of 'Space' and some of them know a lot already so they are sharing that knowledge too.

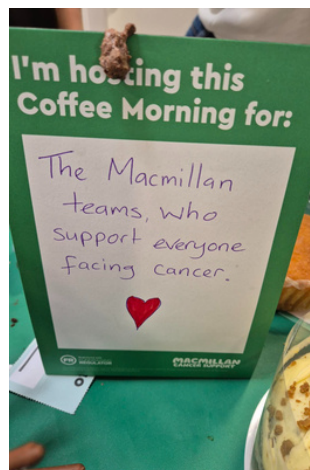

There have been some wonderful pieces of space related art as well.

Yesterday, our lovely Sue, organised our Macmillan coffee morning. Thank you so much to families who sent in goodies to raise money and money for their children to donate towards a very good cause as well. We have raised in excess of £500, which is fabulous and for such a good cause. We will confirm the final amount, once everything has been counted.

THIS WEEK'S ASSEMBLY

Breda's assembly noted World Gratitude Day. Students thought about everything they were thankful for.

Photos include:

Macmillan fundraiser, Flourish Class's space work. Artwork created by Ignite Class (a constellation of stars by Dennis) and a clay planet by Carson.

Also, some classes visited Papermill Lock, earlier in the week, as part of their Talk for Writing work.

Finally, Emma's class darkened their room and stared up at the planets, projected onto the ceiling, using the ideas generated as part of their work too.

Several students have continued to help to keep our site looking beautiful, by sweeping paths and litter picking. We are so impressed that we are going to put them on the official site team board and invite them to come and help at lunchtimes and on a Friday afternoon too. Great teamwork and they are really making a difference!

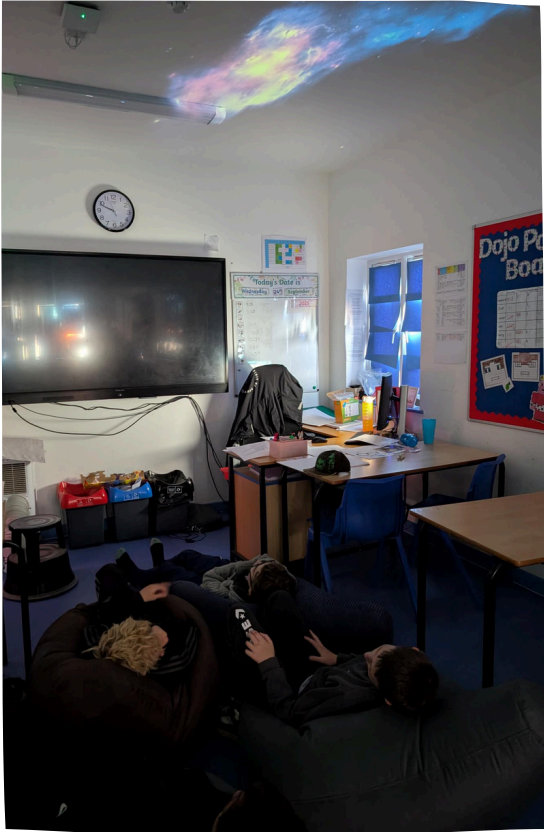

Dates for holiday club in October will be:

**Thursday 30th October -
Halloween Day**

**Friday 31st October - Big Bonfire &
Firework event!**

This week, I am delighted to have given Bella, in Year 11, my award. She has been incredibly kind and thoughtful towards a new Year 11 young lady, who joined us only recently. A true Belsteads person!

Essex and Havering local authorities, have some excellent support as part of their 'Local Offer'. Please click on the links and see what is available to all.

and finally...

We have a very useful link on our website, which demonstrates our approach to behaviour at our school. It's really useful.
