THE BELSTEADS SCHOOL

NEWS OF THE WEEK

>>> **Read more** - Our topic about Space has gone from strength to strength. The classrooms are looking fabulous with the artwork and sculptures for our competition on the 17th October and written work produced by this topic. It has certainly inspired lots of creative thought and enthusiasm.

A group of students have again helped with some of the site work. They love getting involved and they follow instructions beautifully too.

Next week, there are some trips planned to the Southend Planetarium, which should be really interesting.

THIS WEEK'S ASSEMBLY

**Emma's assembly was
about our sporting
heritage.**

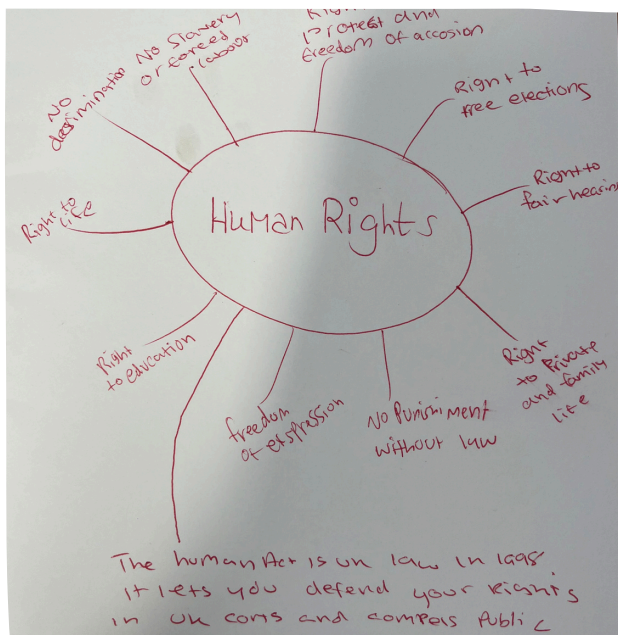

Photos include:

**PSHE about our Human Rights,
some work about space and
planets and our fabulous
Macmillan total too!**

**Also, some work outdoors with
the site team and outdoor
learning on a tightrope!**

**Our Macmillan total was a most
wonderful £521.00. Thank you
for your support and your
generosity for such a good cause.**

We have a new member of staff, called Kit. He has been visiting us as one of the Prehistoric Experiences, cave men but now Kit will be working to develop our outdoor provision over the coming months and years. Kit will be with us for two days per week from January.

He is doing some visits though and today, he's been working with the Eco Committee to plan work within the poly tunnel and with the raised beds too.

Exciting times!

Dates for holiday club in October will be:

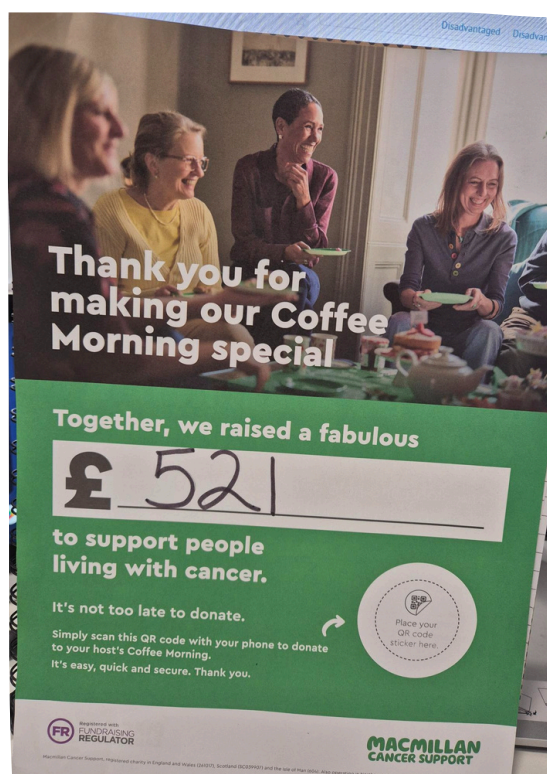

Thursday 30th October -

Halloween Day

Friday 31st October - Big Bonfire & Firework event!

This week, Ted received my headteacher's award. He has been really helpful and he has continued to be understanding and mature when something he has been looking forward to has been delayed until next week. Well done Ted!

Essex and Havering local authorities, have some excellent support as part of their 'Local Offer'. Please click on the links and see what is available to all.

and finally...

We have a very useful link on our website, which demonstrates our approach to behaviour at our school. It's really useful.
