THE BELSTEADS SCHOOL

NEWS OF THE WEEK

Residential Trip
Thursday 18th September
Years 9, 10 and 11
Don't forget!

Read more - It has been really lovely to meet our new students and to welcome back our familiar faces too!

Everyone seems to have enjoyed the first two days where they have been making themselves familiar with the new layout and the new classrooms and spending time making friends.

We have so much planned for the next half term, including our residential trip for our older students. This is always so popular. Each week, we will share news and pictures of some of the things happening at school. It is never boring here!

THIS WEEK'S ASSEMBLY

My welcome back assembly this afternoon focused on getting to know one another and to learning all of the Belsteads ways!

Photos include:

The refurbished and extended kitchen, two new classrooms, built in only four weeks, students enjoying the outdoors and Empower Class settling into some team building.

I've also added Prosper Class, in their outdoor area, playing boules.

: -)

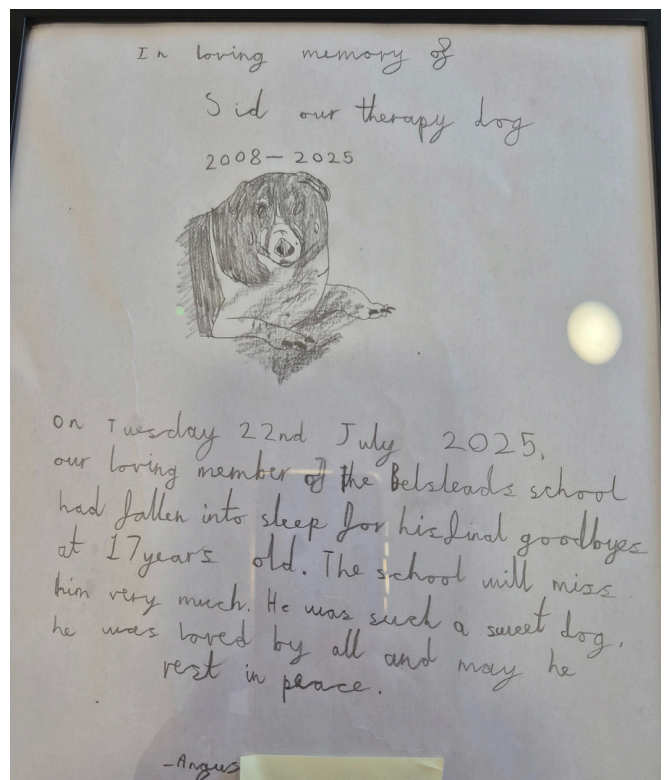

The beautiful memorial for Sid, our first school dog. He is really missed but now a little part of him will be at school, every day, thanks to our lovely staff team. x

Angus, in Year 11, presented me with this wonderful drawing and some very thoughtful words, when he returned to school on Thursday. It will go on the wall in the office, close to where sit used to spend his days.

!

and finally...

We are thrilled that our new lovely students are settling in and smiling too.

We also want to recognise how fabulous our other young people have been. They have welcomed lots of new students into our school with open arms and that makes us feel very proud indeed.
